Webinar

Reinforced Concrete Tank Design in RFEM 6

Questions During the Presentation

GoToWebinar Control Panel Desktop

Email: info-us@dlubal.com

The screenshot shows the GoToWebinar control panel interface. Three dark blue callout boxes with white text and blue arrows point to specific features:

- Show or hide control panel:** Points to the vertical sidebar on the left containing icons for audio, chat, and other controls.
- Adjust audio settings:** Points to the 'Audio' window, which includes a 'Sound Check' indicator, radio buttons for 'Computer audio' and 'Phone call', a 'MUTED' status, and dropdown menus for 'Mikrofon' and 'Lautsprecher'.
- Ask questions:** Points to the 'Questions' section, which features a text input field with the placeholder '[Enter a question for staff]', a 'Send' button, and the 'Webinar ID: 373-901-987'.

CONTENT

- 01 Introduction to Dlubal Center - Blocks
- 02 Modeling workflow in RFEM 6
- 03 Reinforced concrete surface input
- 04 Load application and load combination generation
- 05 Analysis results review in RFEM 6
- 06 Design results review in the Concrete Design Add-on
- 07 Soil-structure interaction with the Geotechnical Analysis Add-on

Free Online Services

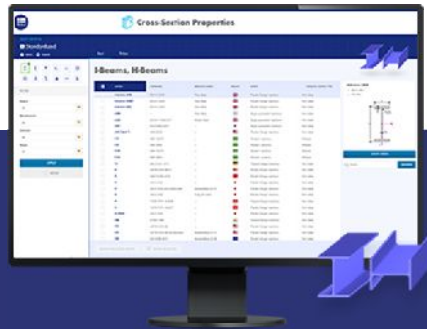

Geo-Zone Tool

Dlubal Software provides an online tool with snow, wind and seismic zone maps.

Cross-Section Properties

With this free online tool, you can select standardized sections from an extensive section library, define parametrized cross-sections and calculate its cross-section properties.

FAQs & Knowledge Base

Access frequently asked questions commonly submitted to our customer support team and view helpful tips and tricks articles to improve your work.

Models to Download

Download numerous example files here that will help you to get started and become familiar with the Dlubal programs.

Free Online Services

Youtube Channel - Webinars, Videos

Videos and webinars about the structural engineering software.

Webshop with Prices

Configure your individual program package and get all prices online!

Trial Licenses

The best way how to learn using our programs is to simply test them for yourself. Download a 90-day free trial version of our structural analysis & design software.
